■ Product Specifications

Type of Glass ----- Alkali Resistant glass
Weight (g/m²) ----- 220
Width (mm) ----- 1000
Tensile strength (N/25mm) --- more than 880

■ Products Using NEG ARG Fiber LW 220 Included:

For Architecture

Exterior panels, plastering, etc.

■ Process

Lay-up

■ Applications

Concrete

■ Packaging Data

Length of roll ----- 100m

■ Palletizing Data

Number of packages/pallet	10
---------------------------	----

■ Storage Conditions

LW 220 should be stored in an upright position in a dry area in its original packaging.

LW 220 should be sheltered from the direct sunlight.
